

Good to Know

Please note: Our cabins are located in the Millersylvania State Park campgrounds. We will provide you with the code to unlock your cabin prior to your arrival. These are non-hosted cabins, however you will be able to contact us if needed.

Once you enter the park, you will want to check in at the ranger station as you drive in. There, you can get directions to the cabin, purchase shower tokens and purchase a discovery pass if needed. There is no need for a discovery pass if you plan to keep your car parked at the site. However, if you park anywhere else even momentarily you could be fined. If the Ranger station isn't open just proceed to the cabin site and enjoy!

The park closes the front gate at around 10:00 pm. If you plan to arrive later you can open the gate as it is unlocked, just remember to close it behind you.

Firewood: The Boy Scouts generally conduct wood sales throughout the summer. They charge 5.00 for a bundle and will deliver to your site. If they are not available, you can also get wood from the camp host located near the RV area. If you plan to arrive late and want a fire you should bring your own wood.

Shower tokens are available from the camp host located near the RV area.

Bikes: You will have access to 26" adult bikes, they are available through out your stay and are available on a first come first serve basis. Typically 12 bikes (2 per cabin) are available as well as helmets. However, you may want to bring your own. Bikes must be returned to designated area after each use.

Kayaks will no longer available as of April 2015. However they can be rented from the Lake Side Grill near the lake.

Pets: Pampered Wilderness is a pet friendly facility. However, certain conditions apply before pets are allowed on the premises. Please contact us if you plan to bring your pet.

Guests: The standard rental of our cabins for two people only. We allow two additional guests for a total of 4 persons per cabin. There is a fee of \$25.00 per night for each additional guest. You are required to notify us and pay for additional guests. We will provide a cot, foam mattress, fleece sleeping bag, and a standard pillow for each paid guest.

Kitchen Items: We provide coffee cups, wine glasses, paper plates, silver ware, napkins, one skillet, one small pot, one spatula, a set of tongs and a pitcher for water. There is also a coffeemaker with coffee for your first morning. You will want to prepare for any other meals through out your stay.
